

Keep your older equipment running for less! PLC's/PCB's/Monitors/Servo drives/I/O's/ and more!

All parts are 40% less than OEM prices! Ask about an additional 20% for Exchange on your defective boards!

Bearden Engineering Inc. Warranty Return Policy

Bearden Engineering Inc. surplus is guaranteed to be working condition and is warranted for one full year. All warranties are issued by Bearden Engineering Inc. not the manufacturer and will be honored by Bearden Engineering Inc. If the unit is found defective within one year of the invoice date, return it for a free replacement or repair. (If you need to make a warranty return claim please contact us at beardenengineeringinc.com, or call (517)-748-2800 or fax to (517)-748-2801 for a return authorization number (RM#) prior to any return). All Surplus products sold by Bearden Engineering Inc. are warranted to our customer only and as follows: such products shall be free from material defect (under normal use, storage, handling, installation and other normal conditions and any tampering with Bearden Engineering Inc. S/N # sticker or components will void all warranties. Our obligation shall be limited to the repair or replacement, at our choice, of any such defective product (or part thereof as we determine) free of charge to our customer; if we decide that the product cannot be repaired or replaced, we shall credit your account in an amount equal to the sum you paid us for it. Any warranty claim must be received before the end of the 12 month warranty period, together with return of the claimed defective product within this same period, and must include our authorization number (RM#). This warranty is given in lieu of any other warranties, either express or implied, including that we disclaim any warranty of merchantability, fitness for a particular purpose and/or non-infringement. In no event shall we be liable for any damages except actual damages up to, but not exceeding, the amount paid to us for the product, including we shall not be liable for any consequential or indirect damages or lost profits whether or not advised of the same. Bearden Engineering Inc. is not a distributor sanctioned by the original manufacturer and we are not a party to any manufacturer's warranty that may or may not apply.
